THE GRAND BALL FEB. 3

The Young Bachelor's eighth grand ball to be held Saturday night, February 3 in Forester's hall will be the biggest that Redwood City has witnessed for some time. There are no dances in the immediate vicinity on that night and this fact coupled with the large advertising that is being done, and the fact that the Young Bachelors and their properly conducted dances are well-known throughout the whole peninsula, mean a large attendance. The dance and the prize waltz contest are now the main topic of conversation. Six prizes in all will be given to the best waltzers. The first prizes are two beautiful loving cups and are now on exhibition at Marcus' Department Store on Broadway, and the second and third prizes will be valuable merchandise orders so you want to be sure and enter and take one home. "Bring Back the Universe and Give Me Yesterday" has been decided upon as the selection to be played for the prize waltz contest instead of the "Missouri Waltz" as previously announced. Judges that understand the good old waltz as it should be danced will be picked from different parts of the county and everyone is assured of a fair chance in the contest. The Young Bachelors cordially invite all spectators to come and witness the big event.

FIREMEN MAKE GRAND SUCCESS OF THEIR DANCE

The firemen's grand ball last Saturday night in Forester's hall was largely attended and proved to be a financial success owing to the large crowd that attended from neighboring towns. The hall was decorated in an original manner with fire hose cleverly entwined about the pillars of the hall and with the color created by the national flag. Mullen's orchestra was exceptionally good and the music made the evening a joyous one. The committee in charge of the affair were: Eric Thompson, M. E. Ryan, Harry Moore, T. E. Fowler, J. C. Dobbins, P. A. Sahlberg and L. Debenedetti.

His Idea of Justice.

A well known Philadelphia lawyer tells of an enterprising man in that city who retained him to prosecute an action. Consultation with the plaintiff's witnesses revealed the fact that their stories were most conflicting and consequently far from convincing. This fact was communicated by the lawyer to his client, and the latter was advised to drop the suit. After some hesitation the client said that he would have a talk with the witnesses and the next day inform the lawyer what he would do in the matter. The next day the client appeared, quite cheerful and with the air of a man who has won a good fight.

"I have talked to all witnesses," said he, "and they all say they must have been mistaken when they conferred with you. They all see it alike now. I have also seen some of the jurymen and they think I will win. Now, if there is such a thing as justice in law, we can't lose."—Chicago Herald.

Rebuked the Judge.

Of all the retorts made by barristers on unjust judges that recorded by Charles Phillipps, the famous pleader of the central criminal court, London, is perhaps best remembered. Phillipps, addressing a jury in defense of a man on trial for murder, was much embarrassed by the repeated interpositions of the judge, Baron Gurney, distinguished as one of the old fashioned "hanging" school of British jurists.

Phillipps, keeping his Irish temper well under control to the end, "got home" with this passage in the peroration of his address, looking full at Gurney the while:

"There are those on the bench who have the reputation of being 'convicting' judges. I neither envy them their reputation in this world nor their fate in the next."—London Globe.

Helping the Congregation.

The following notice was recently exhibited in a certain large church:

"The service on Sunday morning is at 11 a. m. The supposition that it is ten minutes later is a mistake.

"Young men are not excluded from the week night service.

"The seats in the front portion of the church have been carefully examined. They are quite sound and may be trusted not to give way.

"It is quite legitimate to join in the singing. The object of the choir is to encourage, not to discourage, the congregation."—Exchange.

"Georgie, dear," said his mother, "you have been Mr. Coyne's office boy for nearly a year now, and he hasn't raised your salary yet. Can't you do something to attract his attention so he'll know you're alive?"

"I've tried that, mother," answered George. "I tipped the inkstand over this morning and spilled ink all over his white vest, and it didn't seem to help a bit."—St. Louis Post-Dispatch.

What You See.

"It is amazing," said the young man, "how it happens that when you have a swell girl on your arm and you are only 25 cents strong you will see restaurants in every spot where the day before there were only vacant lots."—Exchange.

Chinese Wisdom.

If princes knew to speak and women to keep silent, courtiers to say what they thought and servants to conceal it, the whole world would be at peace.

DECISION ON CONTRACT

Judge Buck on last week rendered the following decision in the case of Adolph Glootz against R. E. Steele and Leon Lorrain. The decision is quite lengthy and goes into merits of the case quite fully. The decision is as follows:

This action is brought to obtain a judgment against the defendants for the sum of $405.79 for grain claimed to have been sold by plaintiff and plaintiff's assignor to defendants.

It appears from the evidence that Steele is made a party defendant for the reason that plaintiff claims Steele agreed with plaintiff to pay him for all grain sold by plaintiff and plaintiff's assignor to Lorrain. Upon this point depends the decision in this case. The grain was sold to Lorrain. Glootz testified that Steele promised to pay for the grain thus sold to Lorrain. This is the only evidence presented by plaintiff upon this point. The deposition of plaintiff's assignor does not tend in any degree to support plaintiff's testimony upon this point. On the other hand defendant Steele denies that he ever promised that he would pay for the grain sold by plaintiff and his assignor to Lorrain. In addition to or as tending in some slight degree to strengthen this statement of Steele are the acts of Steele in posting a notice on his—Steele's—ranch, and recording a copy of the notice in the office of the county recorder at Redwood City that he would not be responsible for any bills contracted by Lorrain. It would hardly seem probable that Steele would in one breath thus advertise Lorrain in this way and then in the next breath become responsible for bills contracted by him for grain. To hold a party responsible for the debts of another party the evidence must be clear and conclusive upon the matter. In this case upon this question the evidence is that no such liability was assumed by Steele. Hence the judgment will be for Steele and against the defendant, Lorrain. Buck, Judge.

McCORMACK EARNS $500,000 A YEAR

John McCormack, the famous Dublin tenor, earns by his wonderful voice not less than $500,000 per annum, which is said to exceed the income of any artist in the world. The Irish tenor is a lover of rare paintings and has just acquired a Rembrandt. potait o rfrthe painter's sister, at a price of $150,000.

This Rembrandt is only 20 inches high and comes from a collection of the Marquis of Carcona in Paris. Mr. McCormack's art collection is valued at $1,200,000. He was formerly a singer in Dublin churches and recently he gave a concert for the benefit of the families of the victims of the Dublin revolution, which netted $10,000.

BELMONT VOTES $18,000 BONDS FOR NEW SCHOOL

By an overwhelming majority, the voters of the Belmont school district yesterday authorized an $18,000 bond issue for the erection of a new public school. The vote is said to have been 108 for the bonds and 12 against the issue. The grand juries have repeatedly condemned the present school house and recommended that a new building be provided, but all former attempts to vote bonds had failed.

CHINESE LETTER CARRIERS.

Feats They Must Perform Would Tire a Hercules.

How many of our own postmen would care to transfer their services to the Chinese postoffice?

To get into the postal service in China is not an easy matter.

In the first place an applicant must have strength and courage, and in order to gain these he must be prepared to undergo a very queer method of training. He must wander through mountains and valleys, forests and coves. The exact time to be occupied in a trip of this sort is fixed by the law, and a very heavy fine is imposed for any unnecessary delay.

The would be postman must repeat these trips at night, and if he listens to the bad spirit, thereby failing to appear at the required time at a specified place he is sure to lose his chance of being a postman.

But that is not all, for he is obliged to carry enormous weights for many miles and must return with his burden within a given time, though his road usually takes him through districts thick with bandits.

In training, the postman eats very little—though he is used to this—and tries every training exercise. Then comes his real examination, under the direction of the government officials. He is taken into a large room, where, suspended from a high beam, are very heavy sacks filled with rocks. He must give a swinging motion to all these sacks, run to and fro between them, carefully guarding himself against a blow from the heavy weights.—London Globe.

Poor Papa!

"I am not at all certain," said the father, "that my daughter loves you sufficiently to warrant me in intrusting her to your keeping for life."

"Well," replied the young man, "perhaps you haven't had the same advantages for observing things that I have."

ARTHUR M. PORTER QUITS CITY ENGINEER'S JOB

Arthur M. Porter, city engineer of Redwood City for several months, has resigned to accept a position with a San Francisco engineering firm. The trustees have appointed C. L. Dimmit, a resident of Redwood City, to succeed Porter. Porter was chosen city engineer when the trustees ousted E. J. Finlay. The Porters plan on making their home in Redwood City for several months.

HALFMOON BAY ITEMS

The birthday surprise party given by Mrs. John Mori last week in honor of Jack Mori's birthday at Mori's Rockaway Beach Resort, Rockaway Beach, was one of the most enjoyable functions that has taken place at this popular resort for many moons. Over two hundred people responded to the invitations to be present, and they probably represented every occupation known, as "Jack" has a large circle of friends. The time was pleasantly spent in relating reminiscences and dancing to some classic music. Some good-natured repartee enlivened the occasion and added to whet the appetite for the sumptucus spread that preceded the evening's program. Much credit is due to Mrs. John Mori and those who assisted her in the successful carrying out of all details ,thereby making everybody feel at home.

The hare has a reputation for swiftness; but "What's in a name" evidently thinks Long G. Hare who has the contract for the construction of the two roads on the coastside, from San Gregorio to Pescadero and from Pescadero to the Santa Cruz county line. He will receive no more money toward the payment of his claims until he shows more progress with the work than he does at the present time. This decision was rendered by the supervisors upon their receiving a report from Supervisor Thompson that the work was proceeding very slowly and unsatisfactorily and that both roads were in a very bad condition as a result.

We are reliably informed that Mr. and Mrs. A. S. Hatch are about to leave Halfmoon Bay and take up their residence in San Francisco where Mr. Hatch proposes to engage in the contracting business. This is indeed news of a most unwelcome kind. Mr. Hatch has always shown himself as a hale fellow well met and as a most progressive citizen. Mr. and Mrs. Hatch have always taken a very prominent part in social affairs and will be greatly missed by all. May good fortune smile upon them in the city. Mr. Hatch retains his business interests here as until now.

Miss Eloise Lynch returned to her home in San Mateo last Saturday after a vacation of several weeks duration which she spent at Santa Cruz. Her school in the Higgins district will open next Monday.

Thos. McGovern and Dr. and Mrs. J. C. McGovern of South San Francisco visited relatives in town last Sunday.

Mrs. A. Schubert on last Tuesday received the sad news from New York that Bernhard Mittelstaedt, her only remaining brother, is dead at the age of 77 years. He died last Sunday. Deceased had visited California several times.

The news has reached Moss Beach that Al Bernard, formerly of that place, was married recently to a Miss Schaeffer of Oakland. Best wishes, Al.

ADMIRAL DEWEY

There was nothing finer at Salamis; nothing at Actium; nothing at Lepanto; nothing when Nelson blasted the night in the estuary of the Nile, than was the driving of the little fleet into the inner harbor of Manila Bay and the breaking of the arm of Spain in the east in the next morning's battle.

There, in an hour, an unknown sailor wrote his name among the immortals; there, the notice was flashed to the world that the United States was a world-power, and as such must hereafter be reckoned.

Throughout the centuries war has been changing its implements. At first native savages had fought with clubs; then men clothed themselves in armor and fought with swords and spears; then fulminating powder awakened its roar in battle; the armor fell from men and valor brought new skill to its defense. Then the armor was put on ships; then, too came the planting of mines in the paths of ships and the torpedo to defend ships and ports. And the walls of oak behind which men had defended themselves changed to walls of steel; guns increased in efficiency; wars took on new terrors. Christianity instead of doing away with wars gave the increased knowledge to men to increase war's destructiveness, and force upon men the thought that the only way to do away with wars was to make them so terrible that poor human nature could not stand against their horrors.

For her immeasurable cruelties, the United States had declared war upon Spain. In the far Pacific Spain had an island empire from which it would be easy to send out commerce destroyers.

In the Pacific the United States had a squadron of little ships under command of a man whose name as a sailor was not familiar to his own countrymen—still he had a record. As a lieutenant he had commanded one of the immortal Farragut's ships in the Mississippi, when in the Civil war the task was given to Farragut to storm the forts at the mouth of the Mississippi and, in connection with the army, capture New Orleans.

This lieutenant had watched Farragut; had caught from him his methods and caught, moreover, the inspiration which the great commodore shed to all around him. The ship of the lieutenant grounded, but he fought her until it caught fire from the fire of the forts and became a total wreck.

To him was given the task of making safe the commerce of the United States in the Pacific. He sailed at once for the Philippines, sailed into the entrance of Manila harbor in the night and when a mine exploded in front of his ship, he thought of what Farragut had said at the entrance of the inner Mobile Bay and repeated the great admiral's words: 'D——n the torpedoes!" and held on his way. Then came the battle, the destruction of the Spanish fleet, the capture of the forts and a few weeks later the capture of the city.

Since then, his name linked with those of Farragut and all the world's immortal sailors, he has been working for his country at his desk.

Now, on the eve of four score years of age, he has been called and the millions of his countrymen stand at salute before his grave and offer their: All Hails, and farewells. They call his name and the feeling in their hearts is well expressed in the old words:

"Oh, thou great soul in dim Valhalla's hall,
Say cans't thou see us, can't thou hear us call;
Know'st thou how much we love thee and repeat
For thee the prayers to marshall spirits sweet?"

May the high soul find his old commander and comrades and may everlasting peace be his.

PRESERVE LAW AND ORDER

Gov. Stanley of Kentucky may have a cloud upon his title to office arising from the small and dubious plurality by which he was declared elected; but there is no flaw in his claim to courage. This he has recently demonstrated by going, without escort, to a town where a negro accused of crime was threatened with lynching, as were also the county judge and the prosecuting attorney. The Governor overawed the mob and compelled the orderly procedure of law. It was, we say, a brave act. It gave to the negro his rights. We wish that Democratic governors throughout the South would be equally solicitous for other rights which the negro possesses under the law. The negro is now denied the vote in Southern states, which is an infringement of his civil rights as flagrant in that category as the infringement of his legal rights by lynching.

PROVIDING PLACES FOR LAME DUCKS

Congressman Stone, Democratic, of Illinois, one of the victims of the Republican tidal wave in that state, is to be made postmaster of Peoria. He and ex-Congressman Townsend of New Jersey thus qualify in the same class of lame ducks.

FOR THE SUPREME BENCH

In referring to the anticipated retirement of Justices Henshaw and Lorigan from the State supreme bench, the Times-Gazette of Redwood City, declares that one of the most likely successors to these supreme judges is Judge Thomas J. Lennon, the presiding judge of the appellate court. Judge Lennon has made an excellent record both on the superior bench of Marin county and in the district court of appeals, and if he should aspire to take a seat in the supreme court he is sure to have widespread support.

QUESTION OF ANNEXATION ISSUE OF THE HOUR

The question of annexation is the burning issue of the hour and nothing in the county is talked so much. A few favor consolidation but many oppose it. There are some who would be satisfied with the so-called borough system but that form of government is so vague that but few understand it. It is safe to say that the greater majority of the people of the county desire no change. They are satisfied with present conditions. San Mateo county prides itself in its good roads, a splendid system of clean county government, a school system unexcelled anywhere in the state. Can these be improved upon? If they can't why then the change? If present conditions cannot be improved there is no reason for a change and we believe a majority of the residents of San Mateo county desire no change.

BUILDING DUMBARTON BRIDGE WOULD BE GREAT ASSET

Nothing would bring more prosperity to the county than the construction of the vehicular bridge across the bay at Ravenswood. All the travel from the rich valley of the San Joaquin would be diverted to this county through the peninsula to San Francisco. Many of the residents of that place would be afforded an opportunity to see beautiful San Mateo county with all its inducements for homeseekers and would buy summer homes here. In many other ways would we be benefited. This project should receive every encouragement from the people of the entire county. It is a feasible enterprise that only needs encouragement to become a reality.

COST OF LIVING AFFECTED

The over-burdened average citizen knows that he would like to have food fish obtainable at living prices; that he would like wild duck, quail and venison. He does not know, probably, that the State Fish and Game Commission has more money to spend in the conservation of fish and game than is allowed the State Railroad Commission. Intelligent expenditure of the Fish and Game Commission's enormous fund and fish and game laws framed in the interest of the general public regardless of the wishes of "game hog" or fish trust, would bring fish and game to the average man's tbale at prices he could pay.

The Fish and Game Committees of the Senate and Assembly will have in their hands the fate of laws dealing with the State's fish and game supply. "Game hogs" and fish trust naturally take keen interest in such committees If precedent be followed, committeemen willing to partake of such hospitality will be graciously wined and dined by those immediately concerned. But the man who would buy fish at low prices for his table, and the man who would see the public enjoy the game upon which the "game hog" year after year cinches his monopoly, take no such interest. They scarcely know there are such bodies as Fish and Game Committees. If they do they do not sense the connection between Fish and Game Committees and the high price of fish.—Franklin Hichborn's Legislative Bulletin.

The head of the Canadian Bank of Commerce declared in a recent interview that Canadians have no prejudice against manufacturing establishments owned and operated by American capital on that side the border. All the Canadian insists upon is that the establishment "is chartered as a Canadian enterprise and uses Canadian materials and labor." That was the policy in the United States under a Republican administration. We built up a tariff wall in order to encourage the purchase of commodities made of American materials by American labor. But that policy was reversed by the Democratic party. But for the war, we should today be purchasing largely increased quantities of goods made by the cheap labor of foreign countries.

SUMMONS

In the Justice's Court of the Third Township, county of San Mateo, state of California.

Jack Williamson, plaintiff, vs. A. Gomas, defendant.

The people of the state of California send greeting to: A. Gomas, defendant.

TAUGHT THEM A LESSON.

The Czar's Rebuke to the Officers of One of His Regiments.

The czar is greatly loved by his own soldiers, and no wonder, for the following story is typical of him:

A certain Russian lieutenant who was none too well off was one day seen riding in a tram. The other officers of his regiment were furious at what they called an insult to the uniform, and they told the lieutenant that he must send in his papers. The unfortunate young officer had no alternative, but before he could do so the czar heard of the affair. Immediately putting on his colonel's uniform of the regiment in question, his majesty left the palace, hailed a passing tram and, entering it, sat calmly down until it stopped in front of the barracks.

There he got out and, assembling all the officers, said to them:

"Gentlemen, I have just ridden from the palace in a tram, and I desire to know if you wish me to send in my papers. I presume I have disgraced my uniform."

Naturally the officers were dumfounded.

"Sire," stammered the major nervously, "you could never do that."

"Then," answered the czar, smiling, "as I have not degraded the uniform Lieutenant —— cannot have done so and will thus retain his commission in this regiment even if he, like me, dares to ride in a tram."

After that snobbery died a speedy death in that particular regiment.—Pearson's.

J. J. Read left on Thursday for Turlock to close a fifteen thousand dollar real estate deal there which he has had pending for some months. Mr. Read is a real "live wire" as a real estate dealer.

Mr. and Mrs. Eugene McAuliffe, well known in Redwood City, have added another member to their family in their home in Alameda. A stork visited the home the other day and left a baby girl.

The California Pacific Title and Trust Company is constructing a concrete fire proof vault at the rear of its elaborate offices on Webster street. All papers of value given into the custody of the company will be sure to be preserved.

Dr. J. L. Ross returned from La Honda on Thursday where he had been attending Charles Cavalli, who had been seriously ill. He is out of all danger and is improving. He will soon be out. Mr. Cavalli is one of the best known men on the peninsula.

John R. Fitzpatrick, the four year old son of Mr. and Mrs. William Fitzpatrick, died at his parent's home on Brewster avenue on Wednesday afternoon. The boy had been ill for quite a long time. The remains were interred in Holy Cross cemetery, Colma, yesterday.

Charles Jacobus, who had two cataracts removed from his eyes at the Peninsula hospital, Palo Alto, on Wednesday by Dr. Howard Black, is getting along nicely but will be confined to the institution for at least ten days. His position at the courthouse is being filled by George Eikerenkotter.

J. W. Lowe, the veteran well borer, has just completed boring three artesian wells for Stanford University on its property near Mayfield. The wells have a drift of from three to four hundred feet. Mr. Lowe has bored the greater number of wells in the peninsula. He is accounted an expert in his line.

Mr. and Mrs. A. H. Lanfear will take up their residence at Santa Clara next week. Mr. Lanfear is the superintendent of the Western Grain, Sugar Products Company of Agnews and must be near his work. Mr. and Mrs. Lanfear carry with them to their new home the best wishes of the people of Redwood City

The old building on Main street in harnessshop for nearly forty years, was razed to the ground this week to give way for the construction of a modern one-story structure. Mr. Mullen has retired from the harness business some time ago and the new building will not be occupied by a shop. When completed the building will be for rent.

The steamer Belvedere that has been plying between Redwood City and San Francisco for some time past, has been sold to Stark and Brown. Captain Campbell, who had charge of the vessel, has purchased the steamer Blanco and will continue his trips from here to San Francisco, hauling freight to local patrons. He reports doing a brisk business.

W. S. Salisbury has leased the old Bell theatre building on Main street from H. C. Kroeger for a period of three years. On the first of the month he will open the theatre with a first class show. Mr. Salisbury will make a success of the enterprise. He is an enterprising business man with entire confidence in the future of Redwood City. He will only charge ten cents admission. He is assured of crowded houses at every performance.

T. H. Reed, manager of the municipality of San Jose, will deliver an address in the Congregational church on February 4. His subject will be "Awakening of Civic Consciousness." Mr. Reed has made a success as manager of the city of San Jose and it is believed many other cities will try the system. The Garden City is the pioneer in this system of government. The people there are much elated over its success. The political boss is regulated to the scrap heap by this new order of things.

The gatemen for the Southern Pacific Company here were gladdened last Monday when they received their first installment of the bonus declared by the company some time ago. On the first of the year the railroad decided to give a bonus of ten per cent of a yearly wage to its employes, the first installment of five per cent reaching here Monday. The other five per cent will be given on July first. The company has made such enormous profits during the past year that it decided to share with its employes.

Milwaukee, was a visitor in Redwood City last night, and gave his friends a most interesting account of the wreck of the Milwaukee on the coast of Northern California a few days ago. Miller was in the engine room of the Milwaukee when she went aground.

IN MEMORY JAS. BRIDGEWATER

The following letter was received this week from Gordon Seely, secretary of Senator M. B. Johnson of Sacramento. It is a neat tribute to his classmate, James Bridgewater, who was interred in Holy Cross cemetery, Colma, last Saturday. The letter was read by Principal McCrea to the senior class of which young Seely is a member.

"Sacramento, Calif., January 19, 1917. Prof. S. P. McCrea, principal S. U. H. S., Redwood City, Calif.

"My dear Mr. McCrea: The sad news of the deimse of one of our most beloved students, and one of my fellow classmates, has just reached me, and I must say that the happiness and buoyancy of spirit which I have maintained here has left, leaving me although far from school and home, depressed; because we all loved James, we loved him for his earnestness, for his application, for his integrity and for his manliness. Never rugged in health he watched us in our athletic contests, but the fervor and earnestness that was in our hearts in the game, was also in the heart of James who was watching from the sidelines.

"As a senior classmate, we seniors were proud to have him with us, we made him class president, and later editor of the Sequoya. This shows how much we loved and admired him. My sincere regret is that on account of unavoidable circumstances I could not pay my last respects as I would, nevertheless in my heart the same feeling of sadness and depression which I know is in all of your hearts remains as much in mine.

"His family will miss him as a loving son, we as students will miss him as a dear fellow student, the world will miss him as a promising young man.

"A bright student, an apt pupil, unassuming in his ways he was admired by us, everthoughtful as to the welfare of his class and his school he was endeared to us, as a man, for his principles and manner he was loved by us. That we will miss him in many many ways is well known by all who knew him.

"These words are just a few of my thoughts at this time, having no one near to converse with, I take this epistle as a means of expressing the profound sorrow, and prevailing sadness, that is in my heart.

"In a feeling of sadness, I remain, sincerely. Gordon M. Seely."

GRAND JURY TO MAKE FINAL REPORT WEDNESDAY

The grand jury that was convened last October will file its final report with Judge Buck on Wednesday next and be discharged. This is the program now, but it may be changed before next week. It is believed that the report will contain some sensational statements. It will also contain many recommendations of a worthy character. The present grand jury has met oftner and brought more indictments than any other grand jury in the history of the county. Weekly meetings have been held by the members who have kept their secrets well, but few of the proceedings having found there way into print. For this, the inquisitorial body is deserving of much praise. Other grand juries paraded their proceedings so that the public knew what they were doing. Publicity always hampers a jury in its work and no headway can be made when the press has advance information of the doings of a body of that character.

CHARGED WITH ASSAULT WITH DEADLY WEAPON

On Tuesday last the grand jury returned an indictment against Mrs. A. W. Pike charging her with an assault with a deadly weapon. Judge Buck set February first as the day for her to appear and plead to the indictment. Mrs. Pike on December 17 shot Frank O. Stallman, a San Francisco businessman, while he was picking red berries at her place in Wellesley Park. On December 19 a warrant was issued for her arrest on a charge of an assault wih a deadly weapon. On January 10 the charge was dismissed by Judge Seely after hearing the evidence. Mr. Pike is a wholesale hardware dealer in San Francisco and goes east every year at this time to buy his supply of hardware for the season. So on Sunday last Mr. and Mrs. Pike departed for the east and will return in the course of a month.

EASY MONEY SUITCASE

The following letter was received yesterday by Sheriff M. Sheehan. This is an opportunity for some easy money for the person finding the suitcase;

Office of sheriff, Alameda county, California. Oakland, Cal., January 24, 1917. Mr. M. Sheehan, sheriff, San Mateo county, Redwood City, Cal. My dear sheriff;

"On January 17th while traveling in automobile from San Jose to San Francisco, via your city, a Miss La Viva lost a black suitcase, (her name printed on the outside), containing among other things, some sheet music, which she values very highly.

"Should you locate same, I would thank you to immediately notify this office. Miss La Viva is a friend, and offers a reward of $25.00 for the recovery of the same. Yours very truly, Frank Barnet, sheriff."

DUCK SHOOTING CLOSES NEXT WEEK

Proposed Changes in Game Laws That Will Be Considered by Present Legislature

The season for hunting duck will close next Wednesday at midnight to the utter disgust of hunters who have lately been getting good sport on the local marsh. The flight of ducks from the north has been better during the past two weeks than at any time during the opening of the season. All local nimrods declare the season to be the best in many years. Many consider the cold weather the cause of this. The legislature now in session is to make many changes in the present game laws. Some of the proposed changes are as follows:

That there shall be transferred for the ensuing two fiscal years from the moneys paid into the Fish and Game Preservation fund for hunting licenses one-fourth of all such sums which shall constitute a "Game Bounty fund."

That there shall be paid by county clerks out of a fund of $20,000 the following bounties for the killing of these "predatory" birds: For each great horned owl, 50 cents; for sharp shinned hawk, 50 cents; for copper hawk, 50 cents; for duck hawk, 50 cents; for pigeon hawk, 50 cents; for sparrow hawk, or road runner, 25 cents; for butcher bird, 10 cents; for blue jay, 5 cents; for English sparrow, 1 cent.

That these bounties shall be paid out of a fund of $80,000 for the destruction of following "predatory" animals: For each coyote or coyote pup, $2.50. For each gray wolf or black wolf, $2.50; for each gray wolf pup, black wolf pup, timber wolf or timber wolf pup, $2.50; for each bobcat, wild cat or lynx, $2; for each skunk or weasel or racoon, 50 cents; for each mountain lion, panther or cougar, $7.50; for each California gray fox, $1.50.

That no automatic or pump gun or any gun larger than a twelve guage or any shotgun holding more than two cartridges shall be used by any person in hunting.

That the slaying of any person by any other person under the impression that the victim was a deer or some other animal shall constitute homicide.

That hunting may begin at sunrise, instead of one half hour after sunrise, and shall cease at sunset instead of one half hour before sunset.

That no artificial blinds shall be used in the hunting of ducks, geese or wild water fowl of any description.

That no person may kill more than one deer in a season. The law now permits the killing of two deer.

That no wild game, except deer, shall be killed on days other than Sunday and Wednesday of each week.

That any person may hunt or fish upon or along any of the natural waterways of the state.

That no hunting or fishing license shall be imposed on any child under the age of fifteen years.

JAMIESON CASE SUBMITTED IN JUDGE LAMB'S COURT

The case of Frank Mendes against William Jamieson of Redwood City asking for damages amounting to $299, which the complainant claims due as the result of an automobile accident near Belmont, was submitted to Justice of the Peace Porter E. Lamb in Burlingame yesterday. The accident happened in January, 1916. Mendes in his complaint says that he was walking with a man friend along the State highway near Belmont, and Jamieson came along with his car and drove it into him. Mendes says he was taken to the hospital, lost 30 days' work, and that his bicycle was damaged. Joseph J. Bullock is attorney for Jomieson.

EXCEPTIONS AND APPEAL

The proposed bill of exceptions for use on appeal from the order confirming the report of inheritance tax appraiser H. W. Schaberg, was signed this week by Judge Buck. A transcript will now be printed and the case taken to the court of appeals. The bill of exceptions contains 134 typewriten pages and covers every phase of the case. Mr. Schaberg computed the inheritance tax of the big estate at a little over $35,000. The attorneys were dissatisfied at the amount believeing it to be excessive and for that reason are appealing the case.

CARDOZA DIVORCE—

The divorce suit of Ida C. Cardoza against her husband, A. J. Cardoza, was partially heard in the superior court yesterday morning. Plaintiff brought suit on ground of extreme cruelty. The parties were married in 1912 and have a son aged three years. Evidence of a sensational nature was introduced by plaintiff. A continuance was had until February 9 owing to the illness of one of the main witnesses. The Cardozas reside at Halfmoon Bay. E. F. Fitzpatrick represented defendant while Arthur Crane appeared for plaintiff.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Bernard Larrecou of Menlo Park is going about with a fractured finger sustained while cranking an automobile Monday afternoon. Larrecou came to Redwood City for treatment.

George Vincent and family who have been residing in San Francisco for the past year have returned to their Menlo Park home to permanently live.

G. Broggi while engaged at his work as gardener at Holy Cross cemetery, Colma, on Tuesday he sprained one of the small bones of his wrist and will be laid up for a week or more.

This week a car load of slate roofing was received here from Bangor, Maine, for St. Patrick's Seminary for the roof of the new chapel now in course of construction. The freight bill on the car amounted to $560.

Peter A. Wilbers who was arrested here last Tuesday and charged with insanity, was committed to Agnews last Thursday by Judge Buck on recommendation of the insanity commission consisting of Dr. J. H. P. Dykes and Dr Moody of Redwood City. Wilbers had been employed at the Menlo Park hotel and for some time had been acting queerly.

Mrs. William J. Dusel, wife of the superintendent of the Bear Gulch Water Company, was guest of honor at a stork luncheon given by Mrs. J. B. Stubbs at her beautiful home in West Clay Park, San Francisco, on Monday afternoon. The color scheme of pale pink was artistically carried out in baby roses and tulle. Gifts from twenty ladies were presented in a white and gold cabinet basket which was a gift from the hostess.

We were in error last week when we stated that the old Felton mansion was leased. It was the old Deming place adjoining that was rented. C. B. Neel of Sebastopol is the lessee. He moved into the place this week. Mr. Neel has an option on the property to purchase it. It is most likely that he will buy it. Mr. Neel is a chicken fancier and during the week he received by express over 500 choice poultry from Sonoma county.

John O'Hearn, a former old resident of Menlo Park, but for many years a resident of Belmont, was in town on Sunday bidding farewell to his many friends. He will leave on the first of the month for San Francisco to reside with his daughter, Mrs. Con Hermann. Mr. O'Hearn resided here forty years ago and continued his residence until fifteen years ago when he moved to San Mateo and later moved to Belmont. Mr. O'Hearn is one of the best known and best beloved men on the peninsula.

Mrs. William McDonald, wife of the noted singer, who has been visiting her sister, Mrs. P. H. McEvoy, for the past month will leave next week for a tour of the middle west with her husband, intending to reach her home in New York by the first of April. Though Mrs. McDonald was born and raised at Portola, she prefers New York to any other place in the United States and she has visited almost every portion of the country. Miss Essie McEvoy contemplates visiting her aunt in New York early next summer. As this will be Miss McEvoy's first visit east she is certain to enjoy the change in climate and scenery.

There is a big demand at present for houses in Menlo Park, prospective renters are here every day from the city to secure suitable residences for the summer. Already the Donohoe place opposite the Catholic church has been taken by Mr. Payne, who had it last year. The Paynes will move down from the city on the first of April. The Doctor Cluness home at Atherton has been leased to a San Francisco party and the McKinnon residence on Glenwood avenue has also been rented for the summer to a wealthy San Francisco family. Almost every day inquiries are made for suitable homes for the summer months. It is believed that there will be more people here this year than ever before in the history of Menlo Park.

Thomas Higgins and Dennis Mertz, gatemen here for the Southern Pacific Company, were gladdened last Monday on receiving the first installment of the bonus declared by the company some time ago. Each received $24. The second installment will be given six months hence. Owing to the big profits earned by the company during the past year the directors of the concern agreed to give a bonus of ten per cent of the yearly wage to those not belonging to any union. This exception was made by the company for the reason that those belonging to such organizations are already receiving big wages and the concern cannot afford to give anymore. The gatemen are the poorest paid of any employes of the railroad.

February 17th! Saturday night! Duff and Doyle hall, Menlo Park. Not a Mardi Gras, for that means the night before the beginning of Lent and this date is February 17th, the Saturday evening before Lent. A masquerade ball that is the way they are advertising it, but, aside from the date, it will have every mark of a real "mardi gras," a variety of costume and a multitude of features hits which will make it the jolliest, noisest bangup time you have ever enjoyed in an age. Copeland and Manaton will preside at the piano and the big bass drum. A bevy of our fairest and daintiest will serve delicious refreshment. John Morey will be on the floor every minute of the time and a large committee of able co-workers will give you a program that will quite prepare you to take the whole seven weeks of Lent in which to rest up. February 17th. Duff and Doyle hall, Menlo Park.

MOTION FOR NEW TRIAL—

The motion for a new trial in the damage suit of Kenneth M. Green against the South San Francisco Railroad and Power Company was argued in the superior court yesterday afternoon and submitted to Judge Buckfor his decision. W. M. Cannon representing the railroad company argued for the motion reciting numerous authorities and decisions bearing on his contention for a new trial. Mr. Cannon consumed nearly all of the afternoon in his argument. J. J. Bullock's argument in opposition to the motion was extremely brief but wonderfully to the point. He appeared for Mr. Green.

A Test That Proves the Human Skull a Good Sounding Box.

An interesting experiment that proves what a good sounding box the human skull is can be performed by any one who has a disk phonograph, says Electrical Engineering.

Stop up both of your ears with cotton as tightly as possible, so that no sound will be heard from the outside. Now place an ordinary darning needle between your teeth by biting on it hard, taking care that the tongue or lips do not touch the needle. The latter is important, because if either lip or tongue touches the needle the sound will be decreased considerably.

For the best results the needle itself should project not more than one or one and a half inches from the mouth. For that reason the darning needle should be broken off about one and one-half inches from its sharp point. It goes without saying that the sharp point should project out of the mouth, while the broken off end should be inside the mouth.

Now start an ordinary disk phonograph and carefully press down upon the record with the needle's point held at the same angle as the reproducer's needle is held ordinarily. As soon as the needle touches the record with sufficient pressure the inside of the head will be filled immediately with music exceedingly loud and clear.

Ancient Football.

Philip Stubbes wrote in 1583 in his book on "The Anatomie of Abuses:"

"For as concerning football I protest unto you it may rather be called a freendly kinde of fight than a play of recreation; a bloody and murthering practice than a felowly sporte of pastyme. For dooth not every one lye in waight for his Adverserie, seeking to overthrow him and to picke him on his nose, though it be on hard stones, so that by this meanes sometimes their backs, sometimes their legs, sometimes their arms, sometimes one part thrust out of joynt, sometimes another; sometimes the noses gush out with blood, sometimes their eyes start out—fighting, brawling; contention, quarrel picking, murther, homicide and great effusion of blood, as experience dayly teacheth."
